Beschreibung

Force™ 8 Half-mask with PressToCheck™ ABEK1 P3 Filters

The Force™ 8 twin cartridge half mask with Typhoon™ valve offers superior low breathing resistance and a 4-point suspension harness with quick release buckles. The mask is made with a durable thermoplastic rubber offering a superior fit to most face shapes. The mask accepts the full range of low profile Force™ 8 filters giving the Force™ 8 the flexibility to be used for many applications, providing filtering protection against particulates, many gases and vapours.

Award winning

Winner of the BSIF Product Innovation Award.

See Respiratory Director Matthew Judson accept the award on behalf of JSP Ltd [Click here](#)

Comfort

Durable thermoplastic rubber mask for superior fit to most face shapes.

Harness

Fully adjustable 4-point cradle suspension ensuring an effective facial fit.

CR2™ Reflectivity

Reflective strips create increased visibility in low-light environments for added safety.

Typhoon™ Exhalation Valve

Low resistance exhalation valve for easy breathing, with stable mask configuration.

Force™ Filters

Cost effective Force™ 8 filters available with low profile angle for minimum visual impairment.

Conformity

Conforms to EN140 (Face piece), EN14387:2004 (Filter performance), EN143:200 (Filter performance)

PressToCheck™ A2P3 R D Filters

How can you be sure that you have donned your mask correctly?

With the new patent pending Force™ 8 PressToCheck™ filters you can instantly check that you have the correct seal every time.

FIT IT!

Don the Mask - Put the straps and harness over your head and pull the straps to a suitably tight and comfortable fit.

PRESS IT!

PressToCheck™ - Press the front and backs of both filter covers together to stop air from entering through the filters.

CHECK IT!

Inhale - No air should come through the mask. Adjust the mask and repeat until it doesn't. Release when seal is made.

Features & benefits

- Daily Face Fit Reassurance
